

Florida Fellowship 2022 Annual Church Music Workshop
COVID-19 Safety Concerns & Protocols

The Florida Chapter of The Fellowship of United Methodists in Music and Worship Arts understands that there are ongoing concerns concerning the COVID-19 pandemic and is committed to hosting a safe "in-person" Church Music Workshop. In doing so we will follow guidelines set by the State of Florida and the Florida United Methodist Conference/Warren Willis Conference Center (WWCC).

Please be aware of the following guidelines that we are recommending or requiring:

- Masks are optional when attending Workshop rehearsals and classes.
- Please follow CDC guidelines for hand washing. We will have hand sanitizer available in all of the rooms that we will be using during Workshop.
- If you are sick, regardless of the illness, **DO NOT COME TO WORKSHOP**. Contact the registrar to notify them that you will not be attending due to illness.

Safety is our top priority. We ask that you be understanding of these recommendations and requirements that will help all of us have a safe and healthy workshop. If you have any questions, please feel free to let us know.

We look forward to seeing you in June.

Joan FitzGerald, Florida Chapter President
