Courses:

Each youth workshop notebook will contain a list of course descriptions and a course sign-up form. We will sign-up for classes together during orientation. At orientation, you will have the opportunity to meet your teachers and hear more about each class. You will rank your top choices for each of the 3 sessions. Please keep in mind that some classes have an age restriction, some classes have limited enrollment, and some classes are intergenerational (adults and youth). We try our best to assign every camper the courses of their choice.

For classes with limited enrollment, priority is given to campers who are seniors and campers who have been attending for the most years.

It is recommended that you bring the suggested materials (if possible) for your top 3 choices in each session just in case you do not get your 1st choice of class. For example, if you rank "Art" as number 1 and "Sacred Dance" as number 2 please bring dance attire and the suggested white T-shirt just in case you are assigned to the dance class for one session and the art class for a different session. If you have any questions about the classes before orientation, please email Ms. Stephany (stephanymusictherapy@yahoo.com)
